Proclamation

MENTAL HEALTH AWARENESS MONTH MAY 2018

Whereas, addressing the complex mental health needs of children, youth, and families of those who are living with the burden of a mental health problem is essential to the future of Guadalupe County; and

Whereas, the need for comprehensive, coordinated mental health services for children, youth, and families; places upon our communities, a critical responsibility with conditions like depression and anxiety, post-traumatic stress and bipolar disorder; debilitating illnesses that can place a tremendous strain a person's life; and
